

TAURUS

“Taurus – The Penetrating Light of the Path”

“This is a beam of light, streaming forth from the point in Aries, and revealing the area of light control”. (EA, 328)

Key Word of the Soul: *“I SEE, and when the eye is opened, all is illumined.”* (EA, 653)

The Life energies of Taurus come to us on a beam of light streaming forth from Aries revealing the *“penetrating Light of The Path”*. The primary substance of this Light from Aries and, therefore of the Light of The Path, is the ‘Will of God anchored in the Matrix of Love’. The theme of the Will – strictly human, spiritual (Soul), and Divine continues expressing through us in the Sign Taurus.

“It might be here pointed out that just as the Aquarian Age is coming into manifestation for our planet as a whole, bringing in its wake universal

awareness and the new modes of expressing world synthesis, human interests and the world religion, so Humanity - the World Disciple is ... coming under the influence of Taurus.” (EA, 374)

“A right understanding of the effect of the various energies and forces will make it apparent that, when the conditioning planetary forces, the expanding energies of the sun sign and the driving energy of the rising sign are all being controlled and directed by **the illumined spiritual man, you will then have a soul upon the very verge of liberation.**” (EA, 52) *REFLECT*

MEDITATION

I. “THE BREATH IS THE LIFE POURING THROUGH ALL THE CENTERS”

◇ We *SILENTLY* (or softly) **sound forth the sacred Word, OM, allowing its vibration to resonate through all the bodies and body centers ... as we move into the peaceful Presence of the Soul.**

◇ We consciously attune with the life energy of **Taurus pouring through the Heart of the Sun ... streaming into our Solar System as That in which we live, move, breathe and have our Being.** Standing in the down-flow of these Life energies, we breathe “the Breath of Life” of the Heart of the Sun/Son “pouring through all the Centers” ... irradiating, infusing and suffusing the “whole Man”. OM.

◇ With a conscious “Breath of Life pouring through all the Centers”, *AUDIBLY* sound forth the Sacred Word, **OM, dissolving and releasing atoms of lesser vibration** (visualize and sense their release).

◇ Now, with **conscious, intense spiritual Aspiration** (inwardly attuning as *high* as we can), breathe the "Breath of Life" **drawing in atoms of higher vibration**. **SILENTLY** sound the Sacred Word, pouring through all the Centers ... irradiating the mental body with light, infusing the emotional body with Love, suffusing the vital etheric body with life, feeling the Life balancing, healing and enlivening.

Let us realize that every intentional, **conscious Breath of Life with the OM sounding forth**, is a deeper, truer entry in the **True Soul**—providing a bridge for It's descent, the veils to It's Ever-Presence *dissolving and burning away*, making way for truer and fuller contact with Reality further expanding True-Soul Consciousness.

◇ With a conscious Breath of Life, **AUDIBLY** sound forth the **Sacred Word, OM**, allowing solar-infused Taurean light to **extend into the vibratory field in which we live and serve, heightening its vibration**.

II. CONNECTING WITH THE SOLAR ANGEL and ANGEL Governing the PETAL of TAURUS

◇ *Continuing* with the "Breath of Life", let us bring our awareness to the "Twelve-petalled Heart" in the 1000-petalled lotus of the Crown center. ◇ **Come into resonance with the Solar Angel and Angel governing the Taurus Petal**. ◇ In the moments that follow, commune deeply **with the Solar Angel and Angel of Taurus assisting in the unfoldment of the inner Christ**. Allow the vital energy of *Their loving Presence, lighted Intelligence and specialized Powers* to move through you – "expanding your awareness" of the **unfolding Presence of the True Soul**. ◇ *Allow. OM*

◇ As "the Breath of Life pours through all the Centers", breathe in Taurean Light – **the penetrating Light of the Path** pouring through all the Centers. Follow the Life energy streaming through the Crown Center ... down the central spinal column – through the Ajna, Throat, Alta Major and Heart Centers ... continuing on through the lower centers – *gently conditioning every Center with new Life*. ◇ As the energy flows naturally on its own, a portion flows out through the minor centers in the soles of the feet into the earth, "Blessing the Earth upon which we walk". ◇ As the energy re-ascends the etheric spinal column, it "returns *Home* whence it came" to the Crown, completing the divine circulatory flow.

Forcing nothing, we simply **allow**. For some the energy will flow **back up the central column to the Crown**; others may experience the returning energy as a **circular arc** in front and behind the body (as in Kriya Yoga) returning *home whence it came* to the Crown; others may experience a dual flow of energy flowing **simultaneously in all directions** as a great ovoid, a *torus* of dynamic circulating energy – a perpetual fountain of Life descending and ascending without cessation. Observe, breathe, allow. ◇ **In right timing, sound forth the Sacred Word, OM, confirming** the new vibration.

– Here within our own etheric body is a great symbolic Truth of the Pilgrim's journey, the Monad in extension journeying forth deep into matter and returning to the Father's Home in the Crown. ~ **BE and LIVE in the radiant flow of circulating energy – an everlasting Fountain of Life – and "Perpetual Fountain of Youth"**. [Continue to Part III]

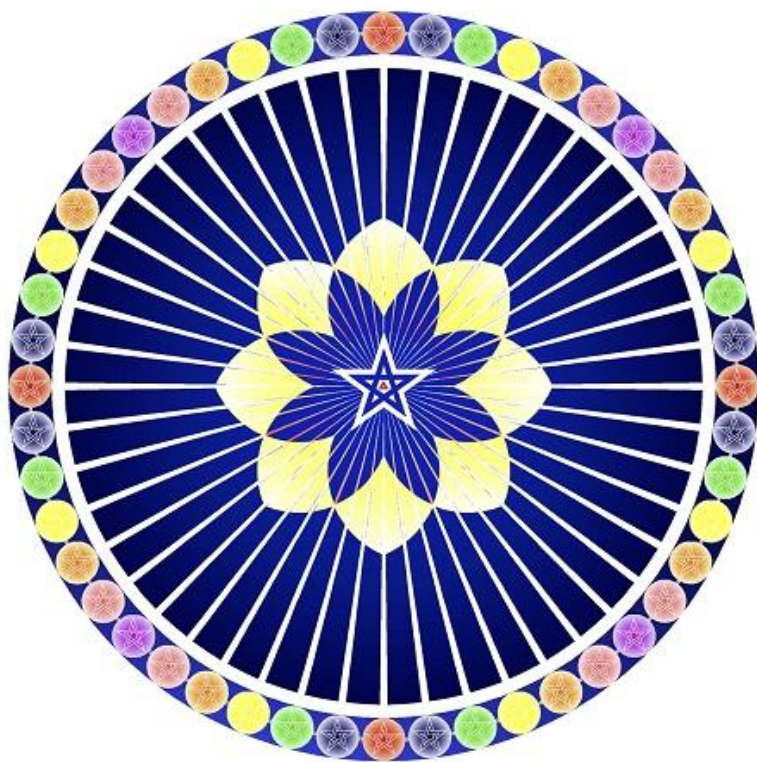

III. THE SOUL STAR GROUP – THE SOUL IS GROUP CONSCIOUS

◇ In this enlivened, expanded state, widen your awareness to see ourselves standing inside a large circle of *Participating Souls* – gathering as the “**Soul Star Group**” – *purposed* to work in “Group Approach” with the “Great Ones” during the Full Moon periods. See all Souls herein gathered as *radiant spheres of Living Light and Love and Holy Will*.

Now, in one simultaneous movement, imagine extending a ray of love and light—Soul to Soul to all here gathered ... whilst *silently* (or softly) sounding the sacred Word, *OM*.

◇ We now *come into resonance* with the “Great Potency of the Inner Groups” – within Whose Center stands the Christ. Feel, sense, intuit the powerful emanations pouring forth from this Center. OM

◇ Sense the Presence of the Great Ones as we extend Light and Love to **Them**—and to the Heart of the Lord of Love – the **CHRIST**— His Star five-pointed, His number, Eight.

Sense now His Holy Presence emanating Light, Love and Holy Will to and through the Soul Star Group – and all consecrated Soul Groups and Souls therein. OM

◇ Let us enter into the energy field thus created – one great sphere of illumining Light, all-pervading Love and radiant power – energizing all our Soul Ray qualities, virtues and Soul-directed Powers extending far and wide, within–without, above–below. United with serving groups around the globe, we are a *directing Presence* on the Earth ... *lifting, healing, redeeming, saving, illumining, visioning,*

and directing humanity and the lower Kingdoms of nature. ◇ As we sound the sacred Word, *OM*, we confirm and seal-in the all-inclusive, love-filled Christ vibration. Such as we work today, we join the Spiritual Hierarchy ‘in cooperation deep’ to manifest the Plan of God.

◇ With this in Mind, let us sound the sacred word, OM, thence *The Great Invocation in resonance with the Christ and Spiritual Hierarchy*.

CONTEMPLATIONS *and* DIAMOND SOUL PRACTICES

DAY ONE

◇ Taurus is “the sign of *the major life incentive*” – and a symbol of *desire in all its phases*.

Understand that all *desire motivates and drives* all outer and inner life activity. The question is – what level of desire is controlling.

“Whether the [*undeveloped*] man is **impelled** by **desire**, or the disciple is **driven forth upon the path of return** by the urge of **aspiration**, or whether the Initiate is **controlled by the Will to cooperate with the Plan**, he is nevertheless, being **responsive to** the most potent manifestation of a little known and understood aspect of Divinity to which we give the name ... *the Will of God.*”
Contemplate.

◇ Reflect on events or episodes in the arc of your life that were, or still are, “**impelling desires**”? ◇ **Are you today “driven forth on the path of return by the urge of aspiration”** toward higher goals and values? ◇ And/or are you inwardly “**controlled by the will to cooperate with the Plan**”? ◇ Bring these recognitions to mind to understand *the forces working within you – ultimately to “be controlled and directed by the illumined spiritual man”*.

“The great triplicity of **desire – aspiration – direction (will)** are only three words which endeavor to describe the progress and bias of **man the personality, man the soul, and man the channel for spirit or life**. All three point ... to the *cause* of the threefold expression which underlies all events, all progress and all happenings in time and space.” (EA, 371)

◇ **CONTEMPLATE the great triplicity within you.** ◇ **See it as the Cause behind** all events, all progress and all happenings in your life, and in the world.

Which “triplicity” is most dominant – *moving* through you and *controlling you*. Is this what you want? ◇ What does the world need now?

OM

The whole of Humanity will come more fully under the influence of Taurus which is the “**sign of the major life incentive**” – that which fundamentally motivates Humanity from a higher solar center. As we inquire into the nature of our present desires and evolve them into **Soul desires**, *we are cultivating the Heart-Mind of Christ – the Soul incentive*. **Directed by the Christ nature, we become real**. The full Christ nature (the Triad) is open to the directing Will of the Father. The Goal for *Humanity is to be a synthesizing agent for the intended purpose of expressing the Plan of the 5th Kingdom (Kingdom of Souls)*.

MEDITATE – I see my Soul at work as a cultivator of my personality and channel for the “major life incentive.”
