

## ***TAURUS SOLAR FULL MOON RITUAL***

### **MEDITATION AND CONTEMPLATIONS: Day Five and Six**

**In Service of the Christ and the Great Ones for the Full Flowering of Humanity**

### **DAY FIVE - REGISTRATION AND DISTRIBUTION**

Subtle expansions in consciousness change perception, allowing us to 'see', 'sense' and experience life with new qualities and strengths of "Being". Subtle at first, we can make accelerated gains when giving attention to "the new mind", an "expanded heart", a more lighted, Soul-infused personality.

#### **Ritual Preparation: Opening and Stepping into the Peaceful Presence of the Soul**

◇ **Remembering "the Breath is the Life pouring through all the centers"**, we step into the peaceful presence of the Soul ... and the wider Soul field, sounding a sacred OM.

◇ Breathe in the "Breath of Life" pouring from the energy of Taurus through "the Heart of the Sun" ... ◇ Standing in the Beauty of the Cosmos ... we move into *That* space where the **Great Breath is Breathing you – giving of Itself ... life-giving strength ... luminous Light ... and Universal Love pouring into and through the Heart of God ... and into us – through the Chalice of our Crowns.**

◇ Sounding the sacred **WORD**, OM (silently or aloud), we loosen and discard atoms of lower vibration.

With "intense spiritual aspiration" (reaching high), breathe in pure atoms of light, love and life from the high planes of the Soul ... pouring through the Crown Center ... down

through all the Centers ... and out through the centers of the feet ... Of its own accord, it returns *Home* from whence it came - like a great fountain of circulating light.

◇ Attune with the Angel of Taurus governing the 2nd petal of the “Heart in the Head Lotus”; welcome the Angel to guide your inner process with Joyful Cooperation and conscious Comprehension.

### THE SOUL IS GROUP CONSCIOUS

◇ As Souls, let us move into the loving field of the Soul Star Group. ◇ In one unified solar breath, we simultaneously 'ray forth' Soul Light and Love – Soul to Soul, to all herein gathered ... creating one *living network* of unified Soul vibration. In the next breath of life whilst sounding the sacred WORD – as One Soul , we extend love and light to the Christ standing in the Center ... let us remain open to the return flow from the Heart of the Christ to ours. ◇ The Group is a living, pulsing, beating Heart – a rainbow Sphere, filled-full with Soul virtues, Soul Ray powers and Christ Love.

◇ Through these inclusive, unifying group alignments, with the inner eye (of the Soul), energy lines and waves of light can be seen linking the Soul Star Group with Groups across the Globe—all vibrating in resonance with the "greater GROUP of Groups" in Whose Center stands the Christ. We pause to register *the living Presence* of a great synthesized energy field, “the great Potency of the Inner Groups”.

◇ Be affirmed in the Master’s words of the “**joy of participation in the Masters' plans**” knowing “**all is well** that associates you closely with Them.”

## DAY 5: REGISTERING CONTACT and REFLECTION

Today is the first of three days of distribution that follow the Full Moon day. This first Day (Day 5) is intended to deepen and “reveal” that which was received as the energies continue to 'distribute' through the Soul and throughout our 3-fold vehicle (mental, emotional and physical/etheric bodies). These subtler effects of “inner distribution” will continue ... necessitating *conscious registration if we are to make them 'our own' – further unfolding the inner Chalice (the 12-petalled egoic lotus) that is the “Mind of Christ” in us.* Be in 'ready state', watchful, listening and actively invoking.

Engaging in a reflective review process reinforces what actually happened but which may not have fully registered in consciousness. Reflection often surfaces what is *subtly happening now* below the threshold of our awareness, further strengthening soul-infusion of the personality as a whole, or one or more of the three-fold vehicles of the personality.

In this light, let us continue to register the release of new energies, 'listen for impressions' as intuitions and awareness “fall into” the heart/ mind, or “break-through” into the etheric/physical system. “God” is speaking to us all the time. Let us be observant and alert, also, to the 'signs' in the environment 'speaking to us'.

Let us also be cognizant of the refinements in consciousness that are likely occurring as the “eye” or lens through which we perceive (*see*) is growing, gaining new capacity and ability (especially in this sign of Taurus) as a result of these monthly disciplines. We will understand more, we will *see* more wholly and truly – with widened and truer perception. These too are 'signs' (**indications**) of an expanding consciousness; with it come new interpretative powers. They are subtle, but unmistakable. **Notice them.** Allow them to take hold – to grip and fortify (the Vulcan grip in Taurus that shapes and fortifies) our progress of the **Penetrating Light of the Path.**

### REFLECTION

Let us consciously re-enter the Full Moon field and call to mind what was registered.

What comes to mind of significance?

What was reinforced? What is gaining strength?

What **new** has arisen in the field of your awareness? In your thought-life?

Are you **perceiving** 'anew'?

And, is something 'old' being perceived differently? Or more comprehensively, or wholly?

## REFLECTION/CONTEMPLATION:

Aside from the impressions that may have come yesterday during full moon day, this is a time to mentally revisit the **themes** from the first three days:

Your major **“Life Incentive**, impelled by **desire, or the disciple** is driven forth upon the path of return by the urge of **aspiration, or whether the Initiate** is controlled by the **Will to cooperate with the Plan”**:

**Keynotes “When Thine Eye is Single all is Illumined.”** WORD OF THE SOUL: **“I See, and when the eye is opened, all is illumined”**

**The Ceremony of Wesak** – A living experience recounted by Alice Bailey; **The fact of God; There is an eye which can be developed and used, and which will enable its possessor to see God...**

Has anything deepened or come more fully to light as a result of your disciplines and Contemplations?

As the 24 hour “guarding and holding” period of the Full Moon Day ends (the 12 hours before and 12 hours after the exact moment), we move toward “distribution” – extending in blessing what we have contacted and received, for a new mode of living and being in the world ... and for Humanity and the Earth Herself.

In the days that follow, we *extend – the flow of the Will in the Matrix of Love – upon the Way, following in the footsteps of the Christ*. We begin with ourselves, our environments, our groups, and wherever there is a need to which we are called in joyous service.

## DAY 6: DISTRIBUTION AND FURTHER REFLECTION

Day Six of the Full Moon Ritual process continues the distribution of the energies and impressions received moving from the **individual** to the **group** level of consciousness and service activity – remembering **the Soul is group conscious**.

From our immersion in the life energies of Taurus two primary Ideas have been the focus of our attention, reflection and contemplation and offer thought direction for our group service work on these *second and third days of distribution*.

The first relates to group motivation: what kind of desire (will, Will, WILL) drives both goal selection and animates group progress toward the goal(s).

The second Idea relates to the kind of desire that motivates the ideals and goals of national, international, and world groups. We explore this tomorrow on the third day of distribution.

“I would like here to call your attention to the fact that **this sign is a synthetic sign** in the sense that it brings expression of an inner urge of some definite nature upon the physical plane. This it does, because **its basic quality demonstrates as desire in the mass of men and as will or directed purpose in the disciple or the initiate**. It manifests as **stubbornness** in the average man (and this is **literally willful adherence to personality aims**) or as **intelligently expressed will—actuated by the impulse of love**—in the advanced man. **This connotes adherence to soul purpose.** EA,375)

The question is, “what is the nature of the **purpose** of the group?” Is it primarily oriented toward personal benefit, material expansion and monetary gain, or does it aim to express some Good of benefit in service to others—in the group, family, community? The more noble the purpose, the more benefit for others, the greater the group cohesion (group love), commitment to achievement (group will), and livingness of the group. Many groups today are reviewing their purpose and commitment to living it. This reflects the growing influence of the Taurus energies, aided powerfully by the recent Shamballa impacts in 1945 and 2000. ◇ Reflect.

“The Taurian influence must now be regarded as being of exceeding potency today, **particularly from the angle of the subjective spiritual values**; it is Taurus which is the ruler and the guiding influence of that which is occurring everywhere. (EA, 375)

Examination of values is another expression of the Taurean influence. Are the group’s values spiritual (love based) or primarily material (efficiency-time-money and quantity)? Clearly there is a need for a measure of both, but the more noble the purpose, the more the ‘spiritual’ values are necessary. DK writes that, “**He (the Christ) anchored on Earth “the Will of God in the matrix of love”** (R&I, 527) Values based on and expressing Love are spiritual values. Reflect.

**Practices/Processes** are agreements on how to live by or live from values. Once again, DK has given us the Spiritual Will directive for examining and developing loving intelligent practices. “**Goodwill is the simplest expression of true love** and the one most easily understood. The use of goodwill in connection with the problems with which humanity is faced **releases the intelligence along constructive lines; where goodwill is present, the walls of separation and of misunderstanding fall.**” (POH,118) Reflect.

Invoking and using the Goodwill prompts the development of simple “everyone wins and we move forward together” practices, such as listening to one another, inclusion and involvement, thoughtful preparation, and timely response, exploring and working through differences amicably for group learning ... ◇ Reflect.
