

## TAURUS 7-Day SOLAR FULL MOON RITUAL

### DAY SEVEN FINAL DAY OF DISTRIBUTION

In Service of the Christ and the Great Ones for the Flowering of Humanity

#### A SIMPLE OPENING RITUAL

Let us begin where we are with a breath, entering soul time – no past, no future, only now.

We enter sacred space, Soul Space. Lighting light – warming the heart, lighting the mind, sounding a bell tone, summoning the Angels. Music from the inner worlds flows through our consciousness, opening the heart-mind of the Soul.

OM

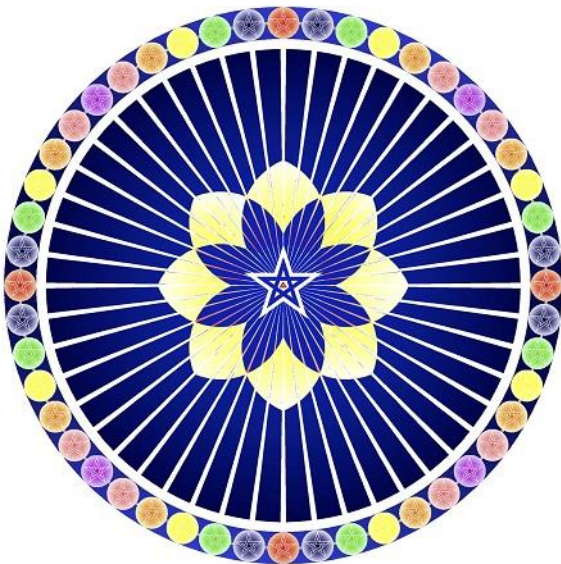

#### OR INDEPTH MEDITATION: Stepping into the Peaceful Presence of the Soul

◇ Remembering “**the Breath is the Life pouring through all the Centers**”, we stand in the Glory and Beauty of the Cosmos as the energy of Taurus pours through “the Heart of the Sun – the Son of Divine Love”... and through the great Entity we call Space. Let us move into *That* space where the **Great Breath is Breathing you – giving Itself as life-giving vitality ... as luminous Light ... and universal Love – the cosmic Christ pouring through the Solar System, the Earth and every conscious Chalice.**

◇ Let us now move more fully into the **peaceful presence of the Soul** and the wider Soul field as **“The Breath of Life” pours through all the centers**, silently sounding the sacred Word OM. ◇ With intensified spiritual aspiration, reach high into Soul Light ... breathing in atoms of higher vibration ... pure energy irradiating the mind, infusing the emotions, suffusing the physical etheric ... pouring into our environment, near, wide and far.

◇ Let us now attune with, and welcome, the Solar Angel and accompanying Angel of Taurus governing the 2nd petal of the “12-Petaled Heart in the Crown”. Pause, consciously deepening our alignment ... allowing the ‘energy adjustments’ of the Angel of the Presence, as purer atoms of “light and love and holy will” flow from the high planes of the Soul through all the Centers, *loosening, disturbing and discarding* atoms of lower vibration. ◇ Sounding the sacred **WORD, OM** (silently or aloud), we affirm the sacred alchemy taking place within us. Thence, the energy returns *Home* whence it came – a great fountain of circulating light. Sound the OM—affirm and seal in the new vibration.

### ~ THE SOUL IS GROUP CONSCIOUS ~

◇ In the energy field of Taurus, as conscious Souls we move into the prepared loving field of the Soul Star Group. In one unified solar breath, we extend (‘ray forth’) Soul Light to all herein gathered – One to All and All to One ... creating a *radiant, living field* of unified Soul vibration. OM.

◇ As One Soul, let us now come into resonance with the greater “Group of groups” (the Ashram of the Christ) – in whose Center He stands – His auric Presence radiating a Holy Field ... we pause to absorb the Love and holy Will of the Father emanating and pouring forth from His Being.

OM

◇ In these inclusive, unifying group alignments, with the inner eye of the Soul, energy lines and waves of light can be seen radiating from Soul Groups around the Globe—

vibrating in resonance with the Greater Group of Groups with which we attune, participate and stand.

OM ◇ Let us now think of and name (mentally or spoken) the Soul groups we know and love, affirming the wider Soul Group. ◇ Pause now to register (revealed, sensed, or imagined) *the living radiatory Presence* of the synthetic energy Field that is “the great Potency of the Inner Groups”.

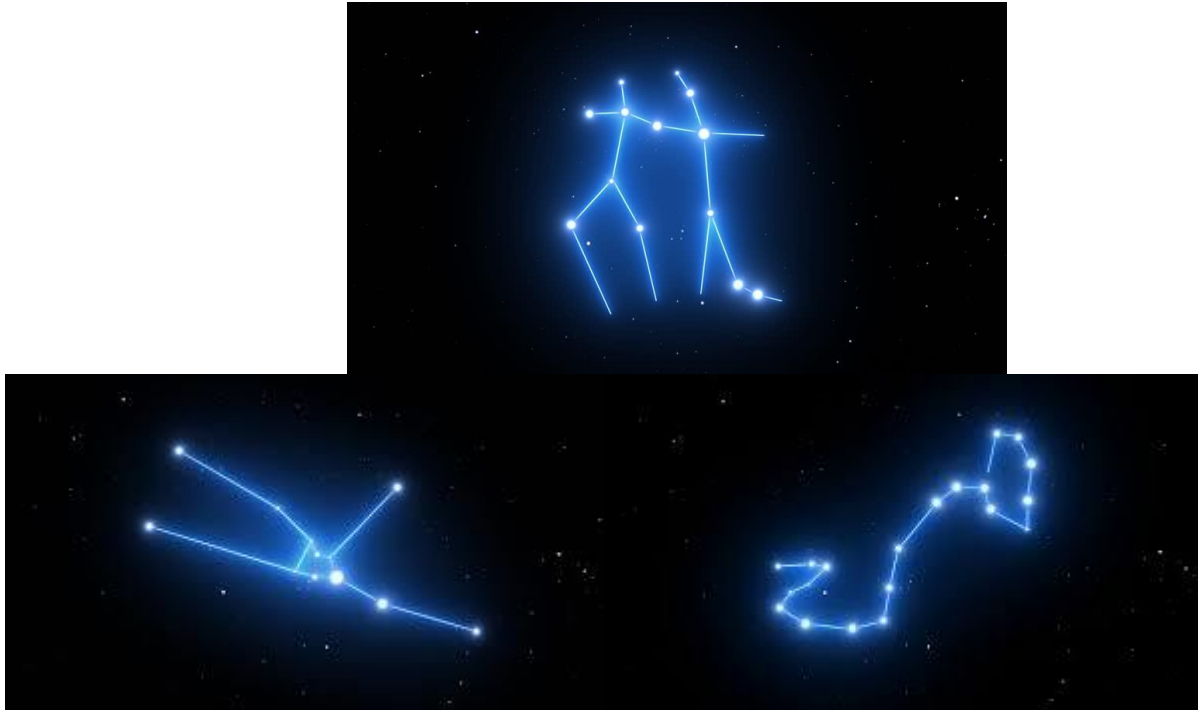

OM

◇ In Pisces, we leave the “Fathers home, and turning back, we save”. In Aries, we “come forth and from the plane of mind we rule”. In Taurus, we enter the “Penetrating Light of The Path” illumining the Vision that is the Will of God for building a new World Civilization—creating Heaven on Earth.

With these energies coursing through the Soul Star Group, we turn to face a world in need and in crisis, extending the Saving Force through the Will-to-Love for the Good of all.

DAY SEVEN  
FINAL DAY OF ENERGY DISTRIBUTION  
*REFLECTIONS and DIAMOND SOUL PRACTICES*

**Taurus and Scorpio Unite  
Gemini linking every Sign with Their Opposite**

The wholeness of each full moon period is revealed in the union with its opposite sign. In Taurus, the desires of the personality are transformed into Soul aspirations. In Scorpio, the entire desire nature of the nine heads of the Hydra are purified and lifted to the serpent of Wisdom – the Soul, “leading to full illumination in Taurus”.

△

Let us be reminded that “... just as the Aquarian Age is coming into manifestation for our planet as a whole, bringing in its wake universal awareness and the new modes of expressing world synthesis, human interests and the world religion, so **humanity, the world disciple**, is beginning to come under the influence of Taurus. It is this influence which will bring about at this time the reversal of the wheel of life for those in the human family who are ready (and their numbers are now very great). **This is happening and the results are inevitable and cannot be evaded.** The great question is: Will this Taurian influence, increased as it is by the incoming Shamballa forces, produce **the floodlight of illumination of which Taurus is the custodian, or will it simply foment desire, increase selfishness and bring humanity to the "fiery heights of self-interest" instead of to the mountain of vision and initiation?"** (EA, 374) *REFLECT – what do we see?*

◇ As the Observer, we can live in the world of “cause” and not effect, and see with clear sight–*in-sight*, what is, and the Way forward. Observe when higher Soul values or lower personality values are operative in the world today. *Observe clearly* “the way it is.” We can then act as the spiritual Samurai – the *White Magician*, mentally and operatively.

As the “Shamballa force is beginning to pour into the world, man is **seeking another interpretation of God's will which ... will produce an understanding cooperation with the divine Plan and an enlightened fusion of the individual will with the great, divine will and this for the greater good of the whole.** For **this desirable attitude** there is worldwide preparation going forward in a simple and unobtrusive manner through the gradual fomentation of **the will-to-good everywhere and the demand, so universally voiced, that human conditions may be more truly enlightened, more acutely [*focused*] for the benefit of the whole and more definitely subordinated to the innate divine urge for beauty, synthesis and the free expression of the hidden mystery which is to be found at the heart of all forms.** It is going forward also through **the constant attempt to comprehend and interpret the Plan for humanity**, as its broad outlines begin to become apparent to the developing intelligence of man.” (EA, 371/2)

The above paragraph is a gold mine. When in doubt about the state of the world, read it again and again. Let its living truths impress you.

◇ **Diamond Soul Practice:** Train your awareness to “see the vision of the Plan” in demonstration, evidenced and happening today, in the news, magazines, TV programs and movies, social media channels, podcasts, conversations, social action, science and religion and education. When we link these demonstrations to the “plan of God” as described above, we strengthen humanity’s “understanding cooperation with the divine Plan” and further develop an “enlightened fusion of the individual will with the great, divine will”. *Thoughtfully participate rather than negatively react to transitioning conditions. Ask, what is the opportunity presented? What must be done to move Humanity forward! Give energy to that!*

Support and applaud yourself and others for making “the constant attempt to comprehend and interpret the Plan for humanity”.

SOUND an OM confirming this universal demand.

◇ “Taurus **forges the instruments** of constructive living or of destruction; it forges the chains which bind or creates the key which unlocks the mystery of life; it is this forging process, with its consequent clamor, which is going on at this time in a most potent manner. **Vulcan** [*esoteric and hierarchical ruler of Taurus*] **controls the anvil-like processes of time and strikes the blow which shapes the metal into that which is desired, and this is true today as never before.**”

**“He it is [Vulcan] who is forging the way for the coming Avatar Who will—at the right moment—come forth, embodying in Himself the Will of God** which is the divine will-to-good, to peace through understanding, and to right relations between men and between nations. (EA, 374)

## CONTEMPLATE

What is being shaped and forged in the world today in accord with the Will-to-Love?

What is being shaped and forged in our own lives, that is new, according to the same Will-to-Love?

---

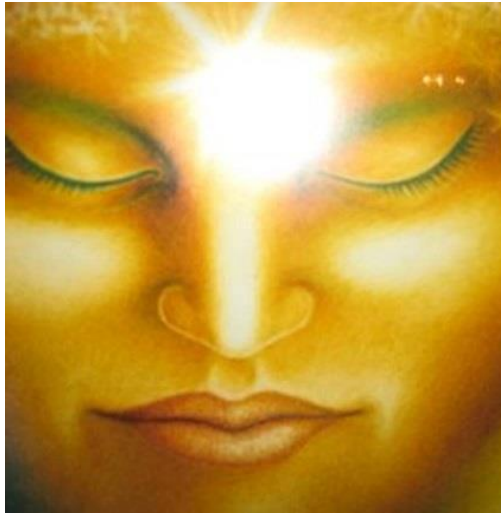

Thoughts from last year, still extremely relevant today:

An auspicious global example of the **forging process for constructive living** comes to us today through **the Soul of the United Nations**, repurposed with a new direction and new light as it ‘forges’ a practical world vision ‘Good for All’ through the adoption of the **2030 Agenda for Sustainable Development Goals** (SDG’s) – approved by all member states in 2015. The SDGs are a blueprint for shared peace and prosperity for all the peoples of Earth – SDG 1 No Poverty, SDG 3 Good Health and Well Being, SDG 5 Gender Equality, SDG 7 Affordable Clean Energy, SDG 13 Climate Action, SDG 17 Partnerships to achieve the Goals. And more.

**Recognize the UN SDGoals as the Soul of Humanity coming forth! Recognize the new re-purposed United Nations. Recognize** these goals as the *inspired vision* and action of world serving groups and world servers for manifesting the Plan of God on Earth. These goals represent potent forces set into motion in the world today for world betterment, influenced by the Taurian “floodlight of illumination” for Humanity! The UN SDGoals are an example of Humanity—the World Disciple, participating with the Spiritual Hierarchy under the purpose and will of God. This is cause for pause and celebration for decades to come. Be inspired, be informed and inform others of the great work of the UN SDGs.

May our vision be pure and our way sure as we steadfastly achieve victory sounding forth on every plane!

TAURUS

SCORPIO

In building a new world civilization, all World Servers shall emphasize ~

The Principle of Goodwill through ... Right Human Relations.  
The Principle of Unanimity through ... Group Endeavour.  
The Principle of Essential Divinity through ... Spiritual Approach.  
(DNA-II, 237)

Here again, through these methods let us remember “the demand, so universally voiced, that human conditions may be more truly enlightened, more acutely [*focused and wholly aligned*] for the benefit of the whole and more definitely subordinated **to the innate divine urge for beauty, synthesis and the free expression of the hidden mystery which is to be found at the heart [*the soul*] of all forms**”.
