*Dear Friends Upon the Lighted Way,*

The Seven Day Solar Full Moon Ritual for Taurus now begins (Saturday in America).

The waxing Full Moon of “Vesak” gives rise to a profound spiritual opportunity for all true aspirants, disciples and initiates walking the Lighted Way of the Soul. During this time, the second of three major annual Festivals, we are asked to turn profoundly inward to attune with “*the Eye of Vision – the Eye of the Bull*” – symbolic of *true North*. As the Masters of Love-Wisdom prepare their approach to the potency and vibrational “Silence” of the Will and Purpose of the Logos, we move to walk with Them.

Even now, one can sense the growing assembly of Lights turning to the Master of all, a “Sphere” of living potency and divine life on the inner planes of Light and Love to participate in the great annual event recognizing the *streaming Will of God*.

For many years, “Wesak” has traditionally been the Festival of the Buddha, climaxing the “Gift” brought by the Buddha as He descended into the dense sphere of Earth for a period of Eight minutes pouring Light and Will into the etheric planes of Earth at the exact moment of the Full Moon. The

Planetary Christ and spiritual Hierarchy stood assembled waiting for His coming. The Buddha's teachings have now spread around the world, and are practiced by countless millions. A new turning, and new conditions are now sensed in the energy field and *vision of the Plan of God as Hierarchy* – with Christ at the Center, has assumed a greater role, stimulated by the Will of the Father.

*Christ “made the life of every-day a divine sphere of spiritual livingness, thus emphasizing the teaching of the Buddha, through desiring nothing for the separated self. Thus the Christ taught, loved, and lived, carrying forward the great continuity of revelation and of hierarchical teaching.” (ROC, 108)*

In the “continuity of revelation and of hierarchical teaching” humanity too must move forward as “crisis, decision and response” make demands upon humanity at this time. Those committed to serving the “human race” sense the new stirrings, and new possibility, whilst “right human relations” hang in the balance through our choices and focus.

Ritual monthly alignments and seasonal observances offer *opportunity* to turn inward in spiritual group approach to Divinity – *to listen, to hear and to respond*. Dedicated Souls and Soul Groups aligned with the energy of a still greater Love and higher Will – ever streaming through the Ashram (Center) of the Christ and the holy substance of Divine Mother Love on Earth – are touched and conditioned by them.
